

# SmartOffice Service Provider Interface for BGAs: ExamOne

## Streamline the underwriting process with electronic requirement ordering

Now available for ExamOne, the SmartOffice Service Provider Interface is designed to significantly increase the efficiency and productivity of new business processing. A no-cost add-on to SmartOffice®, the interface offers electronic requirement ordering using direct integration into your SmartOffice pending case workflow.

The SmartOffice Service Provider Interface allows you to order exams right from the SmartOffice desktop. Once exams are ordered, the provider is alerted to begin processing the order immediately. Status updates are received through SmartOffice and viewable by order number in Smart-CaseManager, saving time and making it easy to keep track of all orders right from the SmartOffice desktop.

A Quest Diagnostics Company

- > Eliminate the time-consuming process of ordering services manually and chasing after statuses
- > Order paramedical services and associated underwriting requirements directly from your SmartOffice desktop
- > Automatically receive statuses back from ExamOne for each requirement
